John,

First, thank you for the personal call this morning. It means a lot.

Second, thanks for the results to date! I know it takes time to bump rankings but I have seen significant improvement just in the first 5 weeks. Nice job!

Third, I appreciate and will share the suggestions below on the Google Adword campaigns.

I am going to be talking to Chris today or very soon and will forward your suggestions in advance of our talk.

Thanks again,

Terry
